Children should not be exposed to sexually explicit performances like drag shows. I presented SB 12 and SB 1601 today to the State Affairs Committee to protect kids from these shows.

How about ACTUALLY protecting our children by proposing stricter background checks and red flag laws to keep firearms out of the wrong hands. But you won't do that....you're wasting all our time by appealing to bigots as your base. Shameful

Don't pay any attention to these people who advocate for drag queens in schools & libraries, your constituents agree with your stand - you're doing the right thing - our big family is behind you all the way!

Drag performers are not sexually explicit, it's your brain that makes it sexual.

Your assertions are baseless and are rooted in bigotry. Perhaps if you really care about children you should look at what happens in some churches. Instead, this is nothing but an attempt to engage in culture wars and bigotry.

Yeah, get those kids into churches where men in robes and dresses can totally not groom them.

Most of these events are not sexual in nature at all. Just wearing a dress is a constitutional right. Using the moniker "drag queen" is a constitutional right. You'll see more skin at a cheerleader event or football game

More children are sexually abused in church than at shows. [OBJ] Perhaps you could introduce some bills to work on that. [OBJ]

Please stop fixing issues that are not problems.

What about nude or tittie bars?? Those sexually explicit performances are ok to expose children to?? And can I keep wearing jeans, tshirt and running shoes or will I get arrested for cross dressing?
